Swimming and Spa Pools - Standards Australia

In the United States, the CDC (Centers for Disease Control) publishes the Model Aquatic Health Code (MAHC) every two years, outlining recommended public swimming pool standards. No federal pool safety standards exist in the U.S., so the MAHC is only a guidance document for state and local government lawmakers. Two major organizations provide standards and offer certifications. These are the Association of Pool and Spa Professionals (APSP) and the National Swimming Pool Foundation (NSPF).

Swimming Pool Water Quality Standards Guide - Pool Research

1. In addition to The Swimming Pool Regulations, 1999, this design/operational standard applies to any swimming pool governed by the regulations that is not a whirlpool. 2. The standards specify minimum prescriptive standards to be followed when establishing, constructing, extending, renovating, or altering a public swimming pool.
