Using a narrow instrument such as a pencil tip or paper clip, press the white reset button on the inside of the control box, located midway between and behind the heat tubes. Push until you hear the relay reset with an audible clicking sound. Replace the control box with heater onto the main body.

deep-fryers-faq - Oster Canada

A large control panel on the front of the deep fryer makes frying food a simple pleasure, even for the most novice home cook. Simply turn the knob to adjust the thermostat from off to 265 degrees F at its lowest temperature to 375 degrees F at its hottest setting. The second dial rotates to set the timer up to 30 minutes.
